

## 2B and 2E Learning at home

The grid below is the overview of activities that we have decided upon based on this terms topic of 'Beyond the stars'. Once you have completed any of the tasks please feel free to bring them into class so that we can share your child's achievements. Aspects that your child chooses to complete can be brought in up until the end of term. The activities in black are optional the ones in red are compulsory. Thank you for your support.

<p><b>Learn your weekly spellings. Spellings will be on Seesaw but also a paper copy will be available.</b>  <b>Access 'Nessy' online</b></p>	<p>Can you research a star constellation and draw what it looks like e.g. the plough?</p>	<p>Can you keep a moon diary across the half term?</p>	<p>Can you make a fact file about a planet of your choice?</p>
<p><b>Practise your times tables. You could do this anywhere and you need to practise this every week.</b></p>	<p>Can you make a space helmet or space accessory that you could take to the Moon?</p>	<p>Can you create an informative poster about the solar system?</p>	<p>Can you draw or make an alien?</p>
<p><b>Read your reading book at <u>least 3 times per week</u>. Please ensure this is signed in your child's reading record.</b></p>	<p>Can you put 12 aliens on three planets? There must be a different number on each planet. How many ways can you find?</p>	<p>Can you write a space story? It will need to have characters, a setting, beginning, middle and end.</p>	<p><b>Enjoy these activities we can't wait to share them with your class upon completion.</b></p>
